Sandro Eugène

FULL-STACK DEVELOPER

WEB & MOBILE SOLUTIONS

About Me

I am a full-stack developer based in Cotonou, Benin, trained in web and mobile development with AI assistance. I design and deploy complete applications, from management platforms to mobile apps and business websites, using Python, PHP, Angular, Ionic and Firebase. I deploy my projects on a VPS and integrate third-party APIs, including payments. I learn quickly and enjoy turning real needs into working products.

Education

- **Baccalauréat** — 2025
  Honours: Bien (Good)
- **Web & Mobile Development Training** — 2026
  AI-assisted programme

Work Experience

- **Full-Stack Developer** — 2026 (Ongoing)
  Personal & academic projects
  - Designed and deployed web and mobile applications.
  - Built management platforms, landing pages and a mobile app.
  - Deployed projects on a VPS (Hostinger) and with Firebase.
  - Integrated third-party APIs, including payment services.

Skills & Expertise

- Web Development
- Front-End (HTML, CSS, JavaScript)
- Bootstrap / Tailwind CSS
- Python & Django
- PHP
- SEO (Search Engine Optimization)
- PostgreSQL, MySQL, Supabase
- Angular, Ionic & Firebase
- REST APIs & Payments
- Git, GitHub, VS Code
- VPS Deployment (Hostinger)

Projects / Portfolio

- ArchivEx — Past exams, corrections & summaries platform (Python)
- iMMoLink — Landlord/tenant housing platform, 12 departments of Benin (Python)
- Pharma-Gest — Pharmacy management web application (Python)
- Cookly — Cooking recipes mobile app (Ionic, Angular, Firebase)
- Achatoo — Group-buying platform (Python)
- Landing pages — Aurelia Hotel, Melhouse, Rayan Paysagiste

Additional Information

- Quick learner, curious about new technologies and AI tools.
- Fluent in several Beninese national languages (Xwla, Fon, Mina, Sahouè).
- Open to full-stack opportunities and always ready for new challenges.
